

AURORA

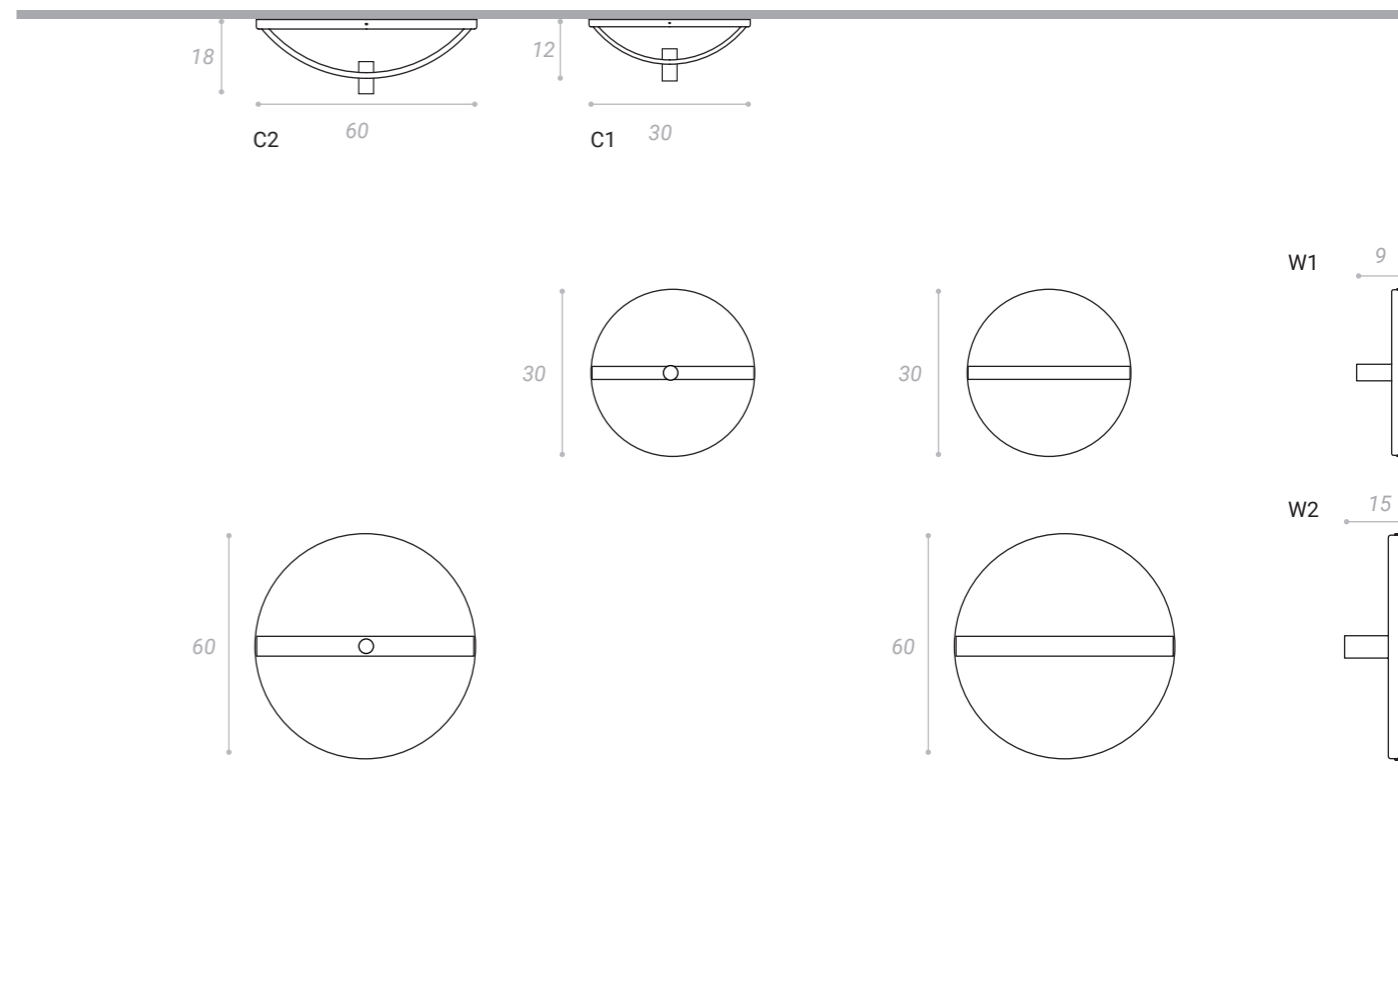

design Gianfranco Marabese 2019

Lampada da parete e soffitto con cuore centrale luminescente. La fonte luminosa espande la luce in modo naturale diffondendo effetti cromatici affascinanti, che mutano a seconda della superficie riflettente, donando tonalità calde, confortevoli.

Wall and ceiling lamp with central luminescent core. The light source expands the light in a natural way spreading fascinating chromatic effects, which change depending on the reflecting surface, giving warm, comfortable tones.
